

Prachi Yadav

Kanpur, Uttar Pradesh | 9696183303 | a.prachiyadav1@gmail.com

Professional Summary

Performance-driven Computer Science undergraduate with a strong foundation in Data Structures, Algorithms, and OOP. Proven track record in competitive problem-solving and rapid prototyping, demonstrated by reaching the Grand Finale of the Smart India Hackathon. Passionate about building scalable, efficient software solutions.

Education

2023–2027 Bachelor of Technology (B.Tech) – Computer Science & Engineering, Maharana Pratap Engineering College, Dr. A.P.J. Abdul Kalam Technical University (AKTU)

- Percentage: 70.32%
- Relevant Coursework: Advanced Data Structures, Object-Oriented Analysis & Design, Database Systems

Technical Skills

Programming Languages	Python, C, C++, Java, HTML, CSS
Database and Tools	MySQL, VS Code, Android Studio, Git/GitHub
Core Subjects	Data Structures & Algorithms (DSA), Object-Oriented Programming (OOPs), Database Management Systems (DBMS), Operating Systems, Computer Networks

Projects

Sabarmati Riverfront Project, Smart India Hackathon (SIH)

Tech Stack: Python, MySQL, Data Structures

- Architected a smart infrastructure solution aimed at optimizing riverfront management and resource allocation.
- Spearheaded the core algorithmic logic for problem analysis, enabling efficient real-time data handling and planning.
- Collaborated in a high-pressure, cross-functional team environment to deliver a fully functional prototype under strict hackathon timelines.

2D Ball Physics Simulator

Tech Stack: C++, OOPs Concepts, Physics Engine Logic

- Engineered a real-time 2D physics simulation tracking gravity, vector motion, and collision handling.
- Applied advanced mathematical formulations and optimized algorithms to reduce rendering lag and improve accuracy.
- Utilized strict Object-Oriented Design principles to ensure modular, clean, and reusable code structure.

Digital Portfolio Platform

Tech Stack: React, Next.js, HTML5/CSS3, JavaScript

- Designed and developed a highly interactive, custom retro-desktop-themed portfolio to showcase technical projects and personal branding.
- Implemented advanced frontend features including dark mode toggle, multi-window navigation, custom cursor tracking, and audio integration.
- Optimized cross-browser rendering and responsive design fallbacks for complex desktop-first UI components across devices.

Certifications & Achievements

- Grand Finalist – Smart India Hackathon (SIH), 2025 (National Level)
- Professional Certification – Python for Data Science and AI, IBM
